Local Government Study Commission

To the Citizens of the Town of Kevin:

The Town of Kevin Local Government Study Commission appointed as per the November 2014 election, present this final report to the citizens of this town.

The purpose of the Study Commission, as defined by state law, is “to study the existing form and powers of our town government and procedures for delivery of local government services and compare them with other forms available under the laws of the State of Montana. If some change is deemed necessary, the Study Commission may submit such proposed change to the electors.”

In the conduct of their review the Study Commission has sought advice and information from a number of people in the town. Opinions and recommendations were solicited from local government officials and citizens. All meetings of the Study Commission were open to the public. A public hearing was held to determine citizen opinion.

As a result of the discussions held with people mentioned, the Town of Kevin Study Commission has concluded that there is general consensus that the existing Council – Mayor form of government has served this town well since its incorporation, and will continue to do so in the future. We therefore recommend no change in this form of government. We do however urge the citizens to take more interest in their town government by attending council meetings, running for office and voting in town elections.

Respectfully submitted,

Town of Kevin Study Commission
